

Proposed motion on gas/electric assessment

- Form a task force with members from SPSC/CREPC and experts that will:
 - Develop the scope of work for a western gas-electric infrastructure assessment; and
 - Conduct outreach to other organizations to join with SPSC/CREPC in managing and funding the assessment.
- In 45 days the Task Force will report out to SPSC/CREPC in a webinar on the scope of work for the assessment and potential for collaborations .
- Subject to SPSC funding approval, and within 30 days of that approval, an RFP shall be issued for competitive bids based on the approved scope of work.
