**3:00-3:05 p.m.            Introductions and Agenda**

**3:05-3:30                Regional Integration and EIM Greenhouse Gas Compliance Proposal**

CAISO issued a revised final draft proposal for this initiative and plans to take the proposal to the EIM Governing Body for approval at the April 24 meeting. CAISO will explain the proposal, how it addresses concerns raised about the previous proposal and the responses they have received from stakeholders on the final draft of the proposal. Questions covered will include: How is GHG compliance addressed in the market now? How will the proposed changes impact the market? Will the proposed changes affect the dispatch or costs, and if so, in what way?

- Andrew Ulmer, Director, Federal Regulatory Affairs, CAISO
