9:00 – 9:15 a.m.

Welcome, Introductions, and Announcements

Thad LeVar, Chair, WEIM Body of State Regulators

9:15 – 10:45 a.m.

Transmission Service & Market Scheduling Priorities – Phase 2

Milos Bosanac, Regional Markets Sector Manager Market and Infrastructure Policy, California ISO [\[pdf\]](#)

Aly Koslow, Director, Federal Regulatory Affairs and Compliance, Arizona Public Service

David Rubin, Federal Energy Policy Director, NV Energy [\[pdf\]](#)

Doug Boccignone, Principal, Flynn Resource Consultants Inc, Western EIM Regional Issues Forum liaison [\[pdf\]](#)

The California ISO recently launched Phase 2 of the Transmission Service and Market Scheduling Priorities Initiative, better known as “the Wheel Through” initiative. Milos Bosanac, Regional Markets Sector Manager Market and Infrastructure Policy, California ISO, will provide an overview of the design framework followed by a diverse set of stakeholder discussion on the opportunities and challenges that may arise from the current proposal. Time will be allocated for BOSR members to ask questions.

10:45 – 11:30 a.m.

Joint Authority in the Extended-Day Ahead Market (EDAM)

Rebecca Wagner, Vice-chair, Governance Review Committee [\[pdf\]](#)

Rob Kondziolka, Chair, Western Energy Imbalance Market Governing Body

Angelina Galiteva, Board of Governors, California ISO

As the California ISO considers expanding its energy imbalance market to include a day ahead market, governance maintains its critical role. Rebecca Wagner, Vice-chair of the Governance Review Committee (GRC) will provide a detailed update on how the GRC is framing scope of authority in the Extended Day Ahead Market (EDAM) governance design proposal and what stakeholders can expect next from the GRC. Rob Kondziolka, Chair, WEIM Governing Body and Angelina Galiteva, Governor, ISO Board of Governors, will provide the BOSR with their perspectives on how the Joint Authority model is currently working in the WEIM.

11:30 a.m.
