-

Meeting Objectives

- Reintroduce WIRAB, Elevate Energy, and the origins of this initiative
 - Review IEEE 2800-2022, its requirements, and various adoption strategies used by industry.
 - Cover how entities can adopt and implement IEEE 2800-2022, key considerations to make, and how other entities are doing so.
 - Hear from industry on current challenges related to interconnection requirements
-

Agenda

1. Welcome, Introductions, and Project Overview (5 minutes)

Facilitator: WIRAB Staff

- Welcome and participant introductions
- Overview of WIRAB's role and motivation for this effort

2. Technical Overview: IEEE 2800 (30 minutes)

Presenter: Elevate Energy

- Overview of IEEE 2800
- Explore various adoption strategies used by industry

3. Interactive Discussion and Q&A (20 minutes)

Facilitator: Elevate Energy

- What are your biggest underlying questions associated with IEEE 2800 and its implementation?

- Where is your understanding with IEEE 2800-2022?
- What utilities have adopted requirements from IEEE 2800 into their interconnection requirements already?
- Which IEEE 2800-2022 adoption strategy is preferred?

4. Next Steps and Closing *(5 minutes)*

- Confirming upcoming meeting dates and schedule
- Preview of next meeting topics and expected deliverables
- Open invitation for additional stakeholder suggestions

Adjourn
