Harmonizing Large Load Interconnection Requirements in the West

Industry Advisory Group – Meeting #6

October 22, 2026 | 11:00 AM – 12:00 PM MT

Agenda

Meeting Objectives

- Review stakeholder feedback and proposed revisions to the Template FIR.
- Consider implications of NERC's computational load standards development and other related initiatives.
- Identify remaining concerns and assess general support for finalizing the template.
- Confirm the release schedule and invite speakers for the public webinar

---

1. Welcome, Introductions, and Project Overview *(5 minutes)*
Facilitator: WIRAB Staff

- Review meeting objectives and progress toward completing the template.

2. Draft Facility Interconnection Requirements Template Review *(30 minutes)*
Presenter: Elevate Energy

- Review stakeholder comments and proposed revisions.
- Discuss key technical requirements and unresolved issues.
- Consider alignment with related NERC initiatives.

3. Discussion and Q&A *(20 minutes)*

- Identify any remaining gaps or concerns.
- Assess general support for finalizing the template and confirm revisions needed before release.

4. Next Steps and Closing *(5 minutes)*

- **November 5:** Present the template update and release plan to WIRAB.
- **November 12:** Conduct a dry run of the public webinar and close out the IAG's work.
    - Discuss webinar format and invite IAG members to participate as speakers.
- **December 3:** Host the public webinar to release the template.
